23%

OF WORKPLACE INJURIES ARE DUE TO SLIPS AND FALLS

200,000

WORK STOPPAGES PER YEAR

8.7 millions

OF WORKING DAYS LOST EVERY YEAR*

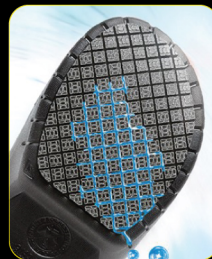

*All sectors of activity combined

Source : CNAMTS (National Health Insurance Fund for Employees), lost working days per year.

DESIGNED IN EUROPE

THE SHOE WITH THE WORLD'S BEST GRIP*

The wetter or more slippery the surface, the better ADHERA footwear with the DISRUN GRIP sole will grip! Its exceptional efficiency is based on an exclusive rubber formula combined with a specific tread pattern on the sole. The pressure of the foot in contact with wet or slippery surfaces will generate a completely imperceptible "suction cup effect" through the action of a hundred or so studs.

GRIPS 500% BETTER THAN STANDARDS

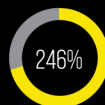

GRIP COEFFICIENT OF 0.69 IN THE LYON CTC TEST

No other shoe in the world can claim to challenge it or even match it. In fact, the test carried out by the Centre Technique du Cuir gives it a grip coefficient of 0.69, the highest ever obtained on a lubricated stainless steel surface!

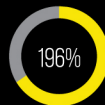

*On wet or slippery surfaces.

SRA

Ceramic tiles with a soapy lubricating solution

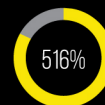

Slip resistance heel to toe
Minimum requirement : 0.28
Adhera result : 0.69

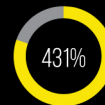

Slip resistance on the flat forwards
Minimum requirement : 0.32
Adhera result : 0.63

SRB

Stainless steel with glycerine based lubricant

Slip resistance heel to toe
Minimum requirement : 0.12
Adhera result : 0.62

Slip resistance to sliding on the flat forwards
Minimum requirement : 0.16
Adhera result : 0.69

EAGLES/DR-08

No toe cap EVA clog.

SIZE : EU 33-34 TO 47-48 US 5 TO 12

COLOUR : Black WEIGHT : 270g for size 42

FIELD OF APPLICATION FOOD,
MEDICAL & NAUTICAL SECTOR, SPA

SOLE

- Non-slip and non-marking rubber insole
- removable breathable, antibacterial insole, with high-density foam and shock absorbing heel.

UPPER

- EVA Upper
- Pre-drilled side holes to evacuate water and for better breathability
- Removable strap for perfect heel support

CHIEFS/DR-81

No toe cap EVA clog.

SIZE : EU 33-34 TO 47-48 US 5 TO 12
